Tools	Description	Symbol	User Benefits
Hover to speak	Reads text aloud with dual colour highlighting by simply hovering over or clicking on any text.	<b>.</b>	Hearing text read aloud reinforces understanding, increases focus and improves retention.
Play	As an alternative to 'Hover to Speak', this feature allows the user to select any text to have it read aloud.		Gives the user full control over what text they'd like to read aloud.
Translate page	Translates the webpage into 98 languages and reads the translation in 36 of the most commonly spoken languages.	٢	Read and listen to the web page in their preferred language to help with understanding and navigation.
Picture Dictionary	Look up the meaning of any word and see the dictionary definition in the form of an expressive illustration.		This unique visual feature removes barriers that make reading and hearing text difficult by providing an alternative format.
MP3 Maker	MP3 generator instantly converts online content into audio versions.	mp3	Some people just prefer to listen than to read. This feature is perfect for listening to and sharing lengthy web or PDF content offline.
