

Montana Home Care Ltd is a wholly owned subsidiary of Real Life Options Group, supporting individuals with their physical, social and emotional needs within their own homes. Montana Home Care provides person-centred care to adults of all ages across the Falkirk District. The people we support are mainly older people, but we do support some younger adults to enable them to remain as independent as possible, allowing them to continue to live in their own home. We support people with different medical conditions, including Multiple Sclerosis, Dementia, Diabetes.

We also provide long term support with personal care, meal preparation, medication, and shopping support.

Our service is designed to promote independence and is tailored to the individuals needs and wishes.

Montana Home Care employs over 69 staff, delivering care packages across Falkirk District, providing approximately 1,277 hours care and support each week.

All Health and Social Care services in Scotland have a Duty of Candour. This is a legal requirement that means that when things don't go to plan, the people affected understand what has happened, receive an apology, and that the organisation learns how to improve for the future. An important part of this duty is that we provide an annual report about the Duty of Candour in our service. This short report describes how our care service has operated in the Duty of Candour during the period 1st April 2024 and 31st March 2025. We hope you find this report useful.

1. How many incidents happened to which duty of candour applies?

In the last year, there have been **no incidents** to which the duty of candour applied.

TYPE OF UNEXPECTED OR UNINTENDED INCIDENT	NUMBER OF TIMES THIS HAPPENED
Someone has died	0
Someone has permanently less bodily, sensory, motor, physiological or intellectual functions	0
Someone's treatment has increased because of harm	0
The structure of someone's body changed because of harm	0

TYPE OF UNEXPECTED OR UNINTENDED INCIDENT	NUMBER OF TIMES THIS HAPPENED
Someone's life expectancy has become shorter because of harm	0
Someone's sensory, motor or intellectual functions were impaired for 28 days or more	0
Someone experienced pain or psychological harm for 28 days or more	0
Someone needed health treatment in order to prevent them dying as a result of harm	0
Someone needed health treatment in order to prevent other injuries resulting from harm	0

2. Information about our policies and procedures

Where something has happened that triggers the duty of candour, our staff report this to their line manager and senior manager who have the responsibility for ensuring that the duty of candour procedure is followed. The line manager records the incident and reports as necessary to the Care Inspectorate. When an incident has happened, the manager and staff set up a learning review. This allows everyone involved to review what happened and identify changes for the future.

Montana Home Care has a Duty of Candour Policy. All new staff learn about the duty of candour at their induction and through our eLearning module. This is followed up through team meetings and supervisions and through further safeguarding online training. Staff are also encouraged to complete the SSSC open badge for duty of candour.

We know that serious incidents can be distressing for staff as well as people who use care services and their families. We have occupational welfare support and counselling in place for our staff if they have been affected by a duty of candour incident. We also hold hot and cold debrief sessions following any incidents.

At Montana Home Care, we are aware of our duty to comply with the following when incidences do happen:

- Inform the people affected and apologise
- Meet with senior staff to reflect on events and identify where systems went wrong and what we could do better
- Share relevant information with staff
- Ensure policy and procedures are reviewed regularly and that the relevant policy is reviewed in the event of a duty of candour being triggered
- Ensure all relevant regulatory bodies are notified, including Commissioners and the Charities Commission

If you would like more information about our services, please contact us on 01324 878572 or email info@montanahomecare.co.uk
